MY RIGHT TO

REMA IN

SILENT

The 7th Amendment of the U.S

Meaning:

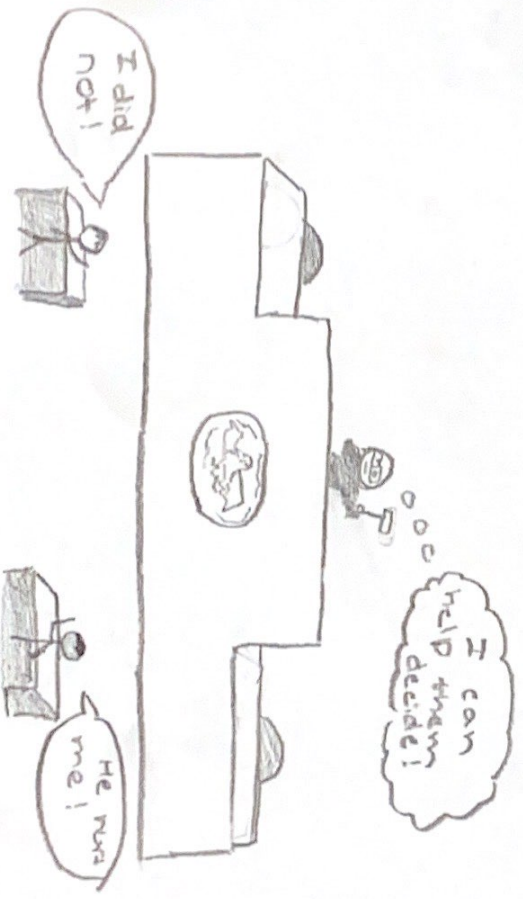

Civil cases or lawsuits based on disagreements between people or business, have a right to decided by the jury in federal court. (The lawsuit amount must be over 20\$)

Example

If a company sold you a harmful product, you have the right to make a lawsuit to federal court and let the jury decide if it is a purposeful lawsuit, and you should get money or a refund from it.

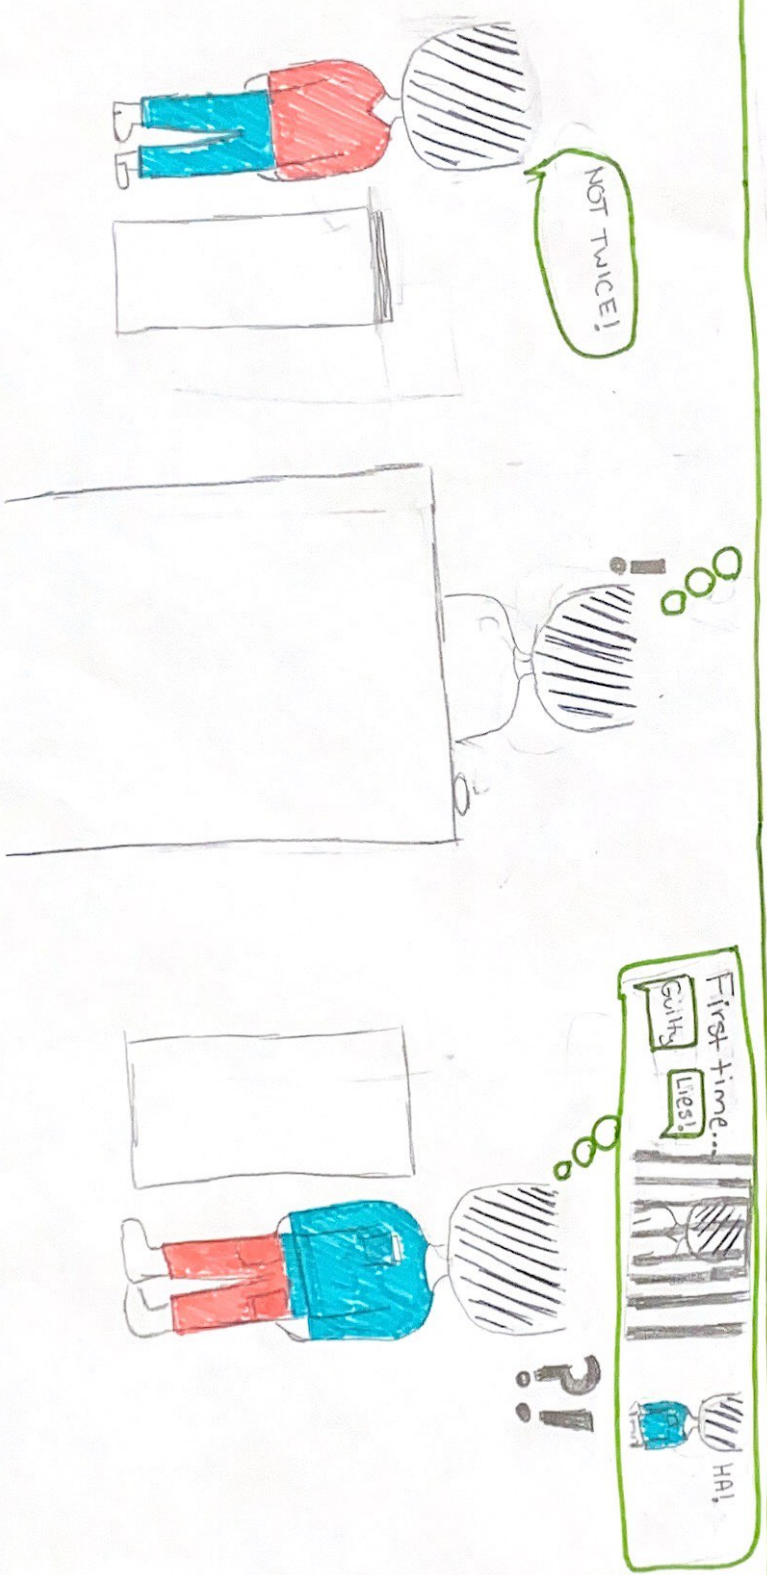

Reason

This amendment was created to establish rules to govern civil trials. Some people did not understand that the jury and court was able to help you during the process of a lawsuit.

FIFTH AMENDMENT

"No person shall be held to answer for a capital, or otherwise infamous crime, unless on a presentment or indictment of a grand jury, except in cases arising in the land or naval forces, or in the militia, when in actual service in time of war or public danger; nor shall any person be subject for the same offense twice put in jeopardy of life or limb; nor shall be compelled in any criminal case to be a witness against himself, nor be deprived of life, liberty, or property, without due process of law; nor shall private property be taken for public use, without just compensation."

Gun for protection

The second Amendment gives citizens the right to bear firearms.

However! This Amendment was meant for soldiers and the protection of property and self.
